**Xymax Group established a Joint Venture with Kompas Gramedia Group, Indonesia's Largest Media Business**

Xymax Group (Head office: Minato-ku, Tokyo; Representative Director: Karashima Hideo; hereinafter referred to as "Xymax Group") is pleased to announce that it has collaborated with Kompas Gramedia Group (Head office: Jakarta, Republic of Indonesia; CEO: Lilik Oetama; hereinafter referred to as "KG Group"), one of the largest media conglomerate in Indonesia, to establish a joint venture company, "PT. KGXYMAX ASA INDONESIA". The new company's primary business will be to provide advisory to companies, expanding their business into the Indonesia market by using resources and expertise of both groups.

Since 2018, KG Group has operated 'Ohayo Jepang,' a media platform on Kompas.com tailored to sharing Japanese culture and information with Indonesian readers. From the start, Xymax Group has supported it by supplying articles, fostering a strong partnership between the two companies. Through this collaboration, both groups identified a rising demand among companies to attract Indonesian inbound tourists, acquire talent, and expand into the Indonesian market. The joint venture was established to create new business solutions directly addressing these growing opportunities.

By leveraging the KG Group's business entities and resources, this Joint Venture is expected to provide comprehensive support to Japanese companies interested in expanding into the Indonesian market, including both online and offline promotions. Furthermore, Xymax Group envisions the establishment of this Joint Venture as a starting point for developing businesses rooted in the property sector in the Indonesian market.
