1. Purpose and Background

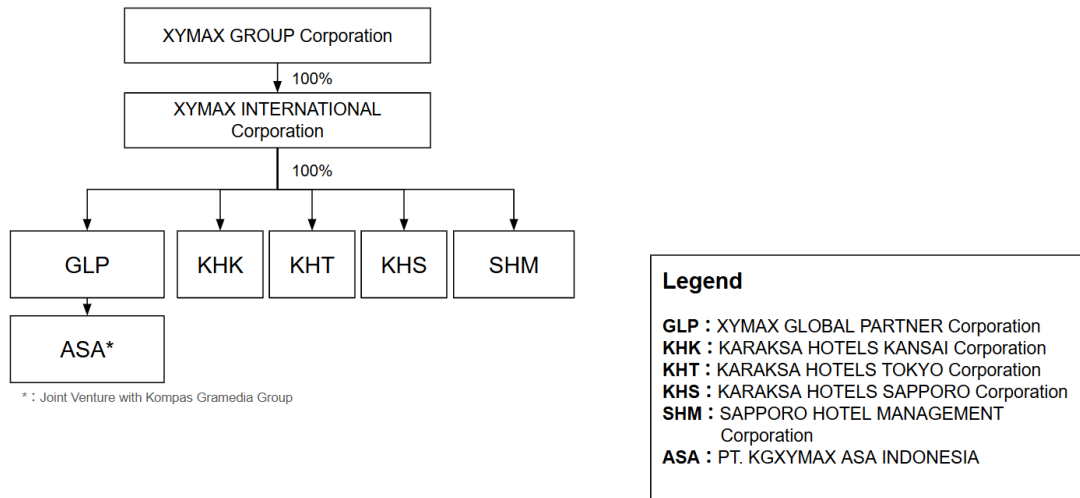

XYMAX GROUP has been exploring overseas business expansion, primarily through the Overseas Business Division of XYMAX GROUP Corporation and XYMAX GLOBAL PARTNER Corporation. Specifically, we have been actively promoting networking with leading overseas companies, as well as talent acquisition, including the recruitment of global new graduates. In January of this year, we established a joint venture company, "PT. KGXYMAX ASA INDONESIA," in collaboration with the Kompas Gramedia Group, a conglomerate which does the largest media business in Indonesia, including domestic newspaper operations.

Meanwhile, in Japan, since 2016, we have accumulated knowledge and a track record of fulfilling international travelers' needs by developing "karaksa hotel".

As of today, with the aim of launching a new overseas business structure, we integrated the Overseas Business Division of XYMAX GROUP Corporation and XYMAX GLOBAL PARTNER Corporation into KARAKSA HOTELS Corporation, and changed its company name to "XYMAX INTERNATIONAL Corporation". Accordingly, XYMAX GLOBAL PARTNER Corporation is now a 100% owned subsidiary of XYMAX INTERNATIONAL Corporation.

Through this new structure, we will begin our overseas business expansion, with Indonesia as our initial start line.
